LETTER FROM THE PRESIDENT & CEO

“Achieving full potential means that potential by being true to our competitive

businesses. We believe that by investing in the workforce system, we can

increase the quality of training opportunities. This has a positive impact.

What I know for certain is that the same level of commitment continues for my staff.

The technical assistance provided by CommCorp helps our
find that the same level of commitment continues for my staff.

increase the quality of my trainings. Now in a supervisory role, I

work in strategies and programs that help build an ever-stronger economy. Through strategic decision-

readiness training.
