

## Reclamation Woodcrafts

Reclamation Woodcrafts is a small woodshop in Middleton, MA that creates customized craft projects to order, recycles/upcycles older products and materials to give them a new life and function in an eco-friendly manner, and works to create products to support local schools.

## Our Mission

We teach youth on-the-job technical skills that can be used in a variety of trade positions while simultaneously teaching soft skills that are applicable in all settings. We do this while creating unique wood crafts and, whenever possible, do so with recycled materials.

## Certifications/Continuing Education

All employees or Reclamation Woodcrafts must be working towards completion of their OSHA 30 Certificate, as well as additional task-specific OSHA certifications. Additional continuing education opportunities include personal enrichment classes through Bristol Community College, as well as part- and full-time courses at Bunker Hill Community College.

## Employees at Reclamation Woodcrafts learn to

- use a variety of hand tools
- gain an understanding of measurements and design layout
- understand how to safely use, maintain, and operate a large number of power tools
- provide customer service and support
- become responsible for carrying out multi-step projects in a professional manner
- make on-site adjustments as needed to accommodate customer requests or other issues that arise during projects
- clean and maintain tools and work area
- keep a running inventory of tools and supplies needed to complete various projects

## Work with Local Schools/Organizations

Reclamation Woodcrafts has partnered with many local schools and charities on various projects. Our products have been featured at a Youth Art Showcase in Boston, Veteran's Day Celebration in Middleton, and the Weatherbee Elementary School in Lawrence. We have raffled Reclamation Woodcrafts products for the Fisher House Foundation and Cradles to Crayons.
